MEDIA RELEASE

Table Tennis: National table tennis players Izaac Quek and Koen Pang once again break world rankings, demonstrating their prowess in the sport

Quek and Pang both achieved their career highs in world rankings following their impressive performance at the recently concluded World Table Tennis (WTT) Feeder Antalya. The Singaporean duo won their first men's doubles title at Antalya.

Quek ascended an impressive 25 places to No. 72, while Pang climbed 20 places to reach No. 79.

Quek said, "I am thrilled to have achieved such a high ranking and gained points in a brief span of time. It proves that my hard work and training are yielding results, and I am determined to sustain or even enhance my position. A higher ranking enables me to participate in higher-tier WTT tournaments, which presents an excellent chance to enhance my skills and knowledge. I am eagerly looking forward to upcoming competitions. Nonetheless, I realize that the ranking alone does not guarantee success, and I must continue to focus on improving my abilities to compete against tougher adversaries."

Pang expressed agreement with Quek's sentiments, and said, "I am pleased with our recent results which have led to our current ranking. We will continue to strive for improvement in the future by working even harder."

Quek and Pang will be participating in the upcoming April 23-29 WTT Star Contender Bangkok, ahead of the May 5-17 SEA Games.
